## WHAT DO YOU NEED?

- Paper (yellow, white, orange, red, green)
- Black pen or marker
- Glue stick
- Scissors
- Provided template

## Getting started

- 1 Print out the provided template and cut out all the shapes
- 2 Attach the templates of the smaller half circle and the chicken's comb to the red paper, then cut out the shapes.
- 3 Attach the three ovals and single triangle to yellow paper and cut out the shapes.
- 4 Attach the large half circle, three little beaks, and the tail to the orange paper with staples, and cut out the shapes.
- 5 Now, begin assembling the parts. Grab the green paper, which will serve as the background for your project.
- 6 Adhere the orange half circle and tail onto the paper. Next, attach the comb, beak, and eye.
- 7 Fold the straight part of the smaller red half circle over to create a tab for gluing. Glue the wing into the place.
- 8 Glue the three ovals beneath the wing.
- 9 Glue the beaks on, and use black pen or marker to draw the sleepy eyes. Now fold the wing back to hide the chicks.
